

NOTHING TO SELL

Alright

Nothing to fear

Nothing to heal

Laws of the market are what they are

Nothing to sell

We won't prevail

Tired of dying to be first

Nothing to sell

Nothing to spare, to lose, to lend

Nothing to sell

And we mistook you for a friend

Nothing is real

When you're not king

You know nothing, Jon Snow but you are

Feeling so pure

Then you endure

Envious is not a way of life

When you look at the sky at night

Do you see the milky way of artistic light ?

Or do you swim in a pool of pesos ?

Sucker

Nothing to sell

Nothing to spare, to lose, to lend

Nothing to sell

And we mistook you for a friend

FRIEND

Old school pictures start to fade

Fate is clearly what me make

Stop complaining 'bout yourself

Force your chance, take the train of your own recognition

Nothing to sell, you're not your slave

No

Stop complaining, start to train

Stop complaining, start to train

Stop complaining, start to train

Elevate to see

Better days ahead

Nothing to sell

Nothing to spare, to lose, to lend

Nothing to sell

And we mistook you for a friend

Nothing to sell, you're not your slave

Nothing to sell, you're not your slave

Nothing to sell, you're not your slave

MASTURBATION FAILED

Masturbation

Masturbation

Masturbation

Masturbation

Masturbation

Masturbation

Masturbation failed

The good thing with masturbation

Is that you're fucking somebody you love !

Yeah, right, but the bad thing with masturbation

Is that... You're fucking somebody you love

So at the end of the day who really loves you ? Who ?

MASTURBATION

Yeah, you said that already

But the question is...

We're born alone, we live alone, we die alone

Do we fuck alone too ? Do we ? Well...

Masturbation failed

It failed

Masturbation failed

Everytime you think you grab it

Happiness jumps in the train

Help, friend

Masturbation failed

Something on the plane had crashed

Will you give, give me a hand ?

Masturbation, no solution

Masturbation, no solution

Masturbation, no solution

Masturbation failed

No pain, but no fucking gain

Seems that we will never find

Communication again

Insane

There's no one to blame

Disconnected all the way

Over, all over again

It failed

Masturbation failed

Everytime you think you grab it

Happiness jumps in the train

Help, friend

Masturbation failed

Something on the plane had crashed

Will you give, give me a hand ?

After all is said and done

Is there still magic to come ?

Magic to come !

Fighting all my self-afflictions

Fighting all the way

I don't see no resurrection

Men are made of clay

Detonate, my contradictions

Pissing blood away

Contemplate these bold destructions

Born from our minds

Separate

Love and pity

Annihilate

Hypocrisy

Suffocate negativity and kill all the possessions

Incriminate male supremacy and the lack of discussions

It failed

Masturbation failed

Everytime you think you grab it

Happiness jumps in the train

Help, friend

Masturbation failed

Something on the plane had crashed

Will you give, give me a hand ?

Masturbation failed

Masturbation failed

Masturbation failed

Will you give, give me a hand ?

GET LAID

Step away, step step away

I would like yourself to get laid
Groove away, groove groove away
I would like you, friend, to be friendly
Find your way, find find your way
Anywhere I'd go would be your way
Not today, no, not today
Not today is still a fucking day

I

Wish I

Had more time

To read

Steal time for anything beautiful

Kneel, cry, or anything good for you

Stuck in my shell, don't you know

There's someone else

Burning inside, and out

Writing my eulogy

Cracks in the wall, open doors

Feeling so small

Shrinks they wouldn't pay to watch

Cooks in my kitchen

Give, don't forgive, not forgiven, forgive

Steal time for anything beautiful

Kneel, cry, or anything good for you

Give, don't forgive, not forgiven, forgive
Dream of men who'd feed brains for free, just for free
Kiss, and fulfill, body language, for me
Dream of men who'd feel pain for real, just for real

Get laid

Steal time for anything beautiful
Kneel, cry, or anything good for you

Out of my shell, don't you know

There's someone else

Burning inside, and out

Writing epiphany

Cracks in the wall, open doors

Feeling so tall

Shrinks will fuckin' pay to watch

Me getting laid

CHAOS ? WHY NOT !

Can we stand in front of you ?

Standing on the edge of our civilization
We can't go back and we can't forget

All the things we got, all the things we get

They all seem to get away

A.W.O.L. 's knocked out
Keynes is knocked out
Bricks in their walls begin to crumble away

Increase : knocked down
Trust is knocked down
Bricks in their walls begin to crumble away

Will we stand upon a lie, made of their fictions ?
They have the power, we have the number

Growth is their religion
So let's speak 'bout deicide
Increase : knocked down
Trust is knocked down
Bricks in their walls begin to crumble away
Begin to crumble away

Breakdown is a fact
In front of us

We'll miss the confort

You'll miss the warning
Fuck
Call it a joke
Whatever, or collapsology

Nobody calls nobody cause nobody can, nobody comes - Nobody
Nobody calls nobody cause nobody can, nobody comes

Nobody calls nobody cause nobody can, nobody comes
Nobody calls nobody cause nobody can, nobody comes
Nobody calls nobody

COMES

Can we stand in front of you ?

Chaos, why not ?

SUN IS THE LIMIT

HO HO HO... HEY HEY !

Ladies and gentlemen !

Welcome to the trip of a lifetime

You might be shaken but not stirred

But be assured your preconceived views

Might be fuckin' disturbed !

All the fingers pull the triggers

Wait until I say... HEY HEY !

All the fighters push the cowards

Just embark and PLAY

Lift your minds to levels of conscience you've never dared to feed before

Name your star after the worst nightmare you've never shared with living souls

To the sun I'm ready to fly and we'll all sing YEAH HEY HO

In the sun I'm ready to die and we'll all sing YEAH HEY HO

Feel the burn, you already dived and we'll all sing YEAH HEY HO

In the sun there's nothing to hide and we'll all sing YEAH HEY HO

Feel the wind of change

Watch the world demise

Wash it all away

Write your fiction, safe

Earth, your cyanide

Eat the poor, the rich, the good, the filth, your brood, your scream

Eat the poor, the rich, the good, the filth, your brood, your scream, your food, you're full of
brand new shit now you can see

To the sun I'm ready to fly and we'll all sing YEAH HEY HO

In the sun I'm ready to die and we'll all sing YEAH HEY HO

Feel the burn, you already dived and we'll all sing YEAH HEY HO

In the sun there's nothing to hide and we'll all sing YEAH HEY HO

Eat the poor, the rich, the good, the filth, your brood, your scream

Join the ship, the hope, the will, the pure, now you can see

To the sun I'm ready to fly and we'll all sing YEAH HEY HO

In the sun I'm ready to die and now we all sing YEAH HEY HO

NICE TO THE BONE

If you dig in my bones
You'll find myself alone
Unleashed
But in control
Exposed
Ready for more

They say, stick to your feelings
But I barely see meanings
I quit from believing
Some pasts are forgiven
Now that hearts are open
Give them hell of a play

Relax, it's all in the waiting
Let the anger in, let the anger out
Fill their void with a smile then
Break the silence now, break the silence now

As I was moving ahead
Occasionally
I saw brief glimpses of beauty
And whatever it takes, nobody will put me again on the path of self-loathing
Cause overthinking never brought me anything good
And I'm done with my wild swinging moods
Skin shedding is never easy on shifting sands

Hello, hello, here's the brand new ME

Relax, it's all in the waiting
Let the anger in, let the anger out
Fill their void with a smile then
Break the silence now, break the silence now
Bring some kindness to your rhymes

Excessive isolation paralyzes the flow of thoughts
Anesthetizes empathy with faceless anger
Buries the meaning of things under illegible graves
In a cold and deadly place
Rage will have time to burn when it will have to
Use it against shadows is so pathetic
When invisible enemies seem so many
But there's only one
And you're too scared to face him

Relax, it's all in the waiting
Let the anger in, let the anger out
Fill your voice with a smile then...

LETTER TO GRETA

LET HER TALK, YOU PIGS

YOU DISGUST ME TOO

Greta, we'll be on your side in the snow

And in the scorched

Greta, they're old and they move too slow

When there's a child who's leading

The grandparents are bitching

When one truth is disturbing

Some try to shun

Pigs have ties

PIGS HAVE TIES

Pigs like lies

PIGS LIKE LIES

Pigs have ties

PIGS HAVE TIES

Pigs like lies

PIGS LIKE LIES

WE HAVE TO GO

EARTH'S GOT NO LINER

WE HAVE TO GO

DON'T NEED DIVINER

When there's a child : listen

You can't avoid the glances

Beware of all your senses

We can do no offenses

You can just listen up and whist

Greta, we'll be on your side in the snow

And in the scorchers

Greta, they're old and they move too slow

They are the jokers

Greta, we'll be on your side for a clue

As elder brothers

I wish I could be as brave as you

WE HAVE TO GO

EARTH'S GOT NO LINER

WE HAVE TO GO

DON'T NEED DIVINER

Greta, we'll be on your side in the snow

And in the scorchers

Greta, they're old and they move too slow

GO GET'EM GRETA !

LUCIFER IS SLEEPING

Lucifer is in bed

Lucifer is sleeping

Sometimes at night you may wonder

Why the red one is silent

I DINE ALONE

I SLEEP ALONE

Life is uncool for the devil

No one seems to really care

IF I NEED LOVE

OR EXTRA SAUCE

ON MY SUSHIS

THE SHEETS ARE COLD

It's not easy to be left unknown

Having no one calling on the telephone

People think I'm not worthy to play ball

You would be surprised to see me with toys
Laughing at my series, praying to get caught
I wish I could have not a burning dog

Your worshippers are so stupid
Some days you wish you were God

BUT THEN I CRY
AND KILL A DOVE

Killing sheeps is overrated
You'd be better drinking juice

Juice

Better Drink

Better drink-drink-drink, better drinking juice

I DON'T DRINK, MY EYES ARE RED
WOULD YOU LET ME REST, I'M DEAD ?

It's not easy to be left unknown
Having no one calling on the telephone
People think I'm not worthy to play ball
You would be surprised to see me with toys
Laughing at my series, praying to get caught
I wish I could have not a burning dog

Burning dog

CAN'T YOU

READ THE SIGN

ON THE DOOR ?

DO NOT DISTURB !

You can go to hell

But he won't be there

Fuck you with your childish cult

CHILDREN, NOW BEWARE

YOU ARE NOT AWARE

OF MY DOCTOR'S NEW PRESCRIPTION

« KEEP AWAY FROM BLACK METAL »

Lucifer is in bed

Lucifer is sleeping

I ASK YOU

PLEASE

JUST GIVE ME

5 MINUTES

ALONE !

It's not easy to be left unknown

Having no one calling on the telephone

People think I'm not worthy to play ball

Now you know me better than before

Go and listen to the new Coldplay album

I will go to Lille to cool all this warmth

CATCH ME IF YOU CAN

CATCH ME IF YOU CAN

You all think you have us in a fucking cage

I'm here to prove you wrong

We're not here to play the motherfucking clowns

Won't play the fool for you

It's easier to lock down people in a box

Won't keep the key of truth

We're not here to play the motherfucking clowns

Won't be your tool of youth

Catch me if you can

Maybe you'll never get and catch at all

Maybe

You'll never

Get and catch at all

You all think you have us

in a fucking cage

We are not here to play

We're not here to play the

motherfucking clowns

Won't play the fool for you

Maybe you'll never get and catch at all

Catch me if you can

Catch me if you can

CATCH ME IF YOU CAN

You laugh

If I decide to

A clown ?

A prick ?

A junk ?

What am I for you ?

A nerd ?

A douche ?

A cunt ?

What am I for you ?

A clown ?

A prick ?

A junk ?

What am I for you ?

A nerd ?

A douche ?

A cunt ?

What the fuck am I for you ?

CATCH ME IF YOU CAN

FAMILY BURLESQUE

Always talking to myself

Wishing I was someone else

I could build a different story

We're a sum of fears and prayers

We could meet a thousand friends

There would be no morning glory

Glory glory Alleluia

Glory glory hole

Leave your free will, hope you won't puke

On your way back home

Get away today they say you failed to pay your tribute to

Legacy ahead it's time

Slips into your mind

Anyway the frame is big enough for everybody who

Kissed the ashes of their pride

Slips into your mind

Trying to keep on with the pulse

Of a couple and a nurse

You can say « hereditary »

But the rush will drive you nuts

You can keep your eyes wide shut

All the choices induce mournings

Glory glory Alleluia

Glory glory hole

Stressing dinners won't last so long

If you swallow all

Get away today they say you failed to pay your tribute to

Legacy ahead it's time

Slips into your mind

Anyway the frame is big enough for everybody who

Kissed the ashes of their pride

Slips into your mind

Go !

Recognition is not a goal

Shit the roots of your tree

Fight more

In every relation

Sweat more

In every relation

Get bored

In every relation

Waste more

In every relation

Name your prize !

For oblivion, reboot yourself

Get away today they say you failed to pay your tribute to

Legacy ahead it's time

Slips into your mind

Anyway the frame is big enough for everybody who
Kissed the ashes of their pride
Slips into your mind

AND NOW WE STAND

When I'll be in this bed I know
Just supposed to be not as old as I would be
When I'll recall this past I know
I hope I will find a new force to continue the show

Life will change
And I will change
Nothing lasts
Except the past
A higher challenge
A higher range
Memory : new
From falls we knew

And now, we stand
Gratitude is always winning
Make it grow inside
Holding present tight for next days
As a gift of life

Life will change
And I will change

We'll be far

Another day

We'll be in

We'll be out

We'll be blown

Anyway

With a choice we stand - ANYWAY

With a choice we stand - WITH A CHOICE

With a choice we stand - ON OUR WAY

With a choice

And now, we stand

Gratitude is always winning

Make it grow inside

Holding present tight for next days

As a gift of life

Gratitude is always winning

Make it grow inside

Holding present tight for next days

As a gift of life

Gratitude is always winning

Make it grow inside

GRATITUDE

MAKE IT GROW INSIDE

When I'll be in this bed I know

I hope I will find a new force to continue the show

ANYWAY – WITH A CHOICE – ON OUR WAY

FOR THE ONES

For the ones who know

For the ones who don't

For the ones who know they don't know anything

For the ones who try

For the ones who fail

For the ones who think they always learn something

For the ones who hurt

For the ones who cure

For the ones not afraid to apologize

For the ones who dance

For the ones who don't

For the ones who party all alone for nights

For the ones who give a hand to enemies

For the ones we'll love over the centuries

For the ones who pray

For the ones who don't

For the ones who trust in life anyway

For the ones who run

For the ones who can't

For the ones who travel inside far away

- - -

For the ones who stand
For the ones who sit
For the ones who fight for something they live for

For the ones who died
For the ones who will
For the ones we raise and for the ones who'll be born

- - -

For the ones who build
With the dumps we use

For the ones who gild
With the stars we lose

- - -

For the ones who know
For the ones who don't

For the ones who try
For the ones who fail

For the ones who try

SYNCHRONIZE

We have lives to synchronize

We don't know how to do, but we will – Yes we will !

We have dreams to oversize
Now, we don't need to knee anymore
Anymore

Look around

What did they kill ?

Look at them
Do they hear you ?
Look around
You're not alone
Look at us
We are billions

We have goals to modernize

We don't know how to do, but we will – Yes we will

We have faults to analyze
They don't know how to do but we'll show them for now what it's like to fail

To fail

Look around

What did they kill ?

Look at them
Do they hear you ?
Look around
You're not alone
Look at us

We have a world to colorize

We don't know how to do, but we will – Yes we will !

We have rights to emphasize
They don't know how to do but we'll show them for now
Cause now, we don't need to knee – NO MORE

This is a world we can dream on
These are the words we can hang on

Don't let anyone tell you again
You're too young to know

They failed
You don't
They failed
You don't

We have lives to synchronize

We will, yes we will
We will, yes we will
We will, yes we will
We will

We have lives to synchronize

We have lives to synchronize

We have lives to synchronize
WE HAVE LIVES TO SYNCHRONIZE
